

WORKWEAR WASH

Unscented washing powder for workwear

Purpose of use

Etra Workwear Wash is an effective phosphate-based washing powder concentrate especially suitable for workwear (including fireresistant) and corridor carpets. Effectively removes grease, oil, soot and other difficult dirt. Does not contain optical brighteners or abrasive soaps - suitable for reflector clothing. The product washes clean while maintaining bright colours from wash to wash. Suitable for washing microfibre household textiles and mops.

Instructions for use

Always follow textile's washing instructions. Sort your laundry and wash dark and light textiles separately. Do not soak. For hand washing, dissolve the detergent well in water before putting the textiles in the water. Prolonged soaking and undissolved detergent can damage the colours of the textiles. Washing workwear at +60 - +95°C. Use a dosimeter.

Properties

White powder
Zeolite-free
Unscented
The product is biodegradable
Washing cycles 260 / 10 kg

Contains

Phosphates 15 - < 30%
Anionic surfactants < 5%
Non-ionic surfactants < 5%
pH of washing solution ca. 12

Storage

Store at room temperature

Packaging & environment

Packaging recycling instructions see on the product label. Instructions for disposal of contents see in the safety data sheet.

Country of manufacture

Finland

Product code

10340012094 5 kg EAN 6417925021593
