

SECUNORM MIZAR
EXHAUST YOUR WORK, NOT YOURSELF.

NEW

THE SAFER WAY TO CUT.

martor

SECUNORM MIZAR

NO. 1250019

Original size

Ergonomically shaped

Right-handed? Left-handed? It makes no difference with the SECUNORM MIZAR. Its ergonomically designed, lockable squeeze grip comfortably fits all hands. Making cutting super easy. Regardless of the number of cuts you make per day.

Plastic with a content

A glass fibre content, to be precise. These fibres are what make the SECUNORM MIZAR super strong and super solid. The durability of this safety knife is remarkable.

Easy blade change

No tools are needed to change the blade. Two hands can do the job. Move the 3-in-1 safety lock to position "blade change". Swing out the lever, flip the blade cover, replace the blade. Close the cover, store the lever, continue cutting!

Multipurpose locking function

The SECUNORM MIZAR 3-in-1 safety lock is unique. Slide it to lock and unlock your cutting tool. And when necessary, move it to position 3 to safely change or rotate the blade.

2-cutting edge blade

Before you need to change the quality blade, you have the chance to turn it over once. Usage time of the blade is doubled and fatigue is held at bay: with a simple flip of the blade, your product will cut like new.

More leverage, more performance. With ceramic blade.

The slimline SECUNORM MIZAR is your gateway into our world of quality squeeze-grip knives. Instead of a slider, a lever is responsible for releasing the blade, and instead of a steel blade, it has a permanently sharp ceramic blade. It is particularly versatile and efficient and can be used for all common cutting materials and for a wide variety of cutting types – thanks to its perfect handling.

Application

PRODUCT FEATURES

Technical features

High safety

Tool-less blade change

Abrasion resistant

Very ergonomic

Safety lock

2-cutting edge blade

Cutting depth

Ceramic

Rounded-tip trapezoid blade

For right and left handers

Lanyard hole

Printable for promotional purposes

Main cutting materials

Cardboard: up to 2-ply

Wrapping, stretch and shrink foil

Plastic strapping band

Tape

Bagged goods

Layers of foil or paper

Installed blade

NO. 65232C 0.65 mm, ceramic, rounded blade tips, deep-edged

Optional blade

NO. 65232 0.63 mm, rounded blade tips, deep-edged

Safety technology

Automatic blade retraction – a high degree of safety

The SECUNORM MIZAR is equipped with automatic blade retraction: as soon as you release the lever, the blade disappears into the handle – and it stays there too. This provides a high degree of safety from cut injuries.
