ETRA POWER DISH

Dishwashing liquid

Applications

Etra Power Dish is used for manual dishwashing. Its concentrated formula breaks down grease quickly, even in cool water: no soaking, no grease, no hassle. The result is sparkling cleanliness. PH 7.

Instructions for use

Dosage: 2 ml (for less dirty dishes) and 4 ml (for dirty dishes) of product per 5 liters of dishwater. Do not wash with running water; instead, sink the dishes in the dishwater and use the recommended dosage. Wash and rinse the dishes.

Active ingredients

5–15% anionic surfactants, < 5% non-ionic surfactants, fragrances(d-Limonene), preservatives (Ethylhexylglycerin, Phenoxyethanol). pH of working solution 7.

Storage

Store at room temperature in the original packaging.

Precautions

Irritating to skin. Causes serious eye damage. Keep out of reach of children. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. Protective gloves are recommended for continuous use.

Packaging & environment

The packaging is made of HDPE plastic. Clean packaging can be burned at an appropriate facility or recycled. The transport packaging is made of recyclable corrugated cardboard and PE plastic.

Country of manufacture

Estonia
