ETRA ALL PURPOSE CLEANER

General cleaning agent, scentend

Applications

A mildly alkaline, eucalyptus-scented all-purpose cleaner. Suitable for daily cleaning of all water-resistant surfaces, both by hand and with a machine. An excellent soap-free alternative for linoleum. It can also be used for sanitary facilities, textile surfaces and for cleaning textiles. PH 9. Ecolabel.

Dosage

1 ml (1/4 teaspoon) / 1 liter of cool water if the surface is not very dirty, and 6 ml (1 teaspoon) / 1 liter of cool water if the surface is dirty.

Instructions for use

Wipe the surfaces with a cleaning cloth moistened with cleaning agent or apply the cleaning agent to the surface to be cleaned. If necessary, allow the cleaning agent to affect for a few minutes, then wash/wipe the surface clean. The surface does not need to be rinsed separately. At lower temperatures, follow the dosage instructions to minimize energy and water consumption and water pollution.

Appearance and odor

Clear liquid with a eucalyptus scent

Product pH:

9

Active ingredients

Non-ionic surfactants 5–15%
Amphoteric surfactants <5%
