

EAN:	4013288229663	Size:	193x100x50 mm
Part number:	05006600001	Weight:	322 g
Article number:	Kraftform Kompakt VDE 7 Universal 1 Tool Finder	Country of origin:	CZ
		Customs tariff number:	82054000

- VDE-insulated Kraftform 817 VDE bladeholding screwdriver with anti-roll protection
- VDE-insulated blades 157 mm length
- Blades with Take it easy Tool finder with colour coding by profile and laser-engraved size indication
- Hexagonal anti-roll feature against rolling away
- Individually tested tools as per IEC 60900 at 10,000 V
- In a robust folding pouch
- Compatible with Wera 2go

One 817 VDE Kraftform bitholding screwdriver and 6 VDE blades with Take it easy Tool finder: Colour coding and laser-engraved size indication. Individually tested at 10,000 V for safe working at the approved voltage of 1,000 V. In a robust belt pouch. The textile box features a fleece zone at the back. Using the provided self-adhesive hook and loop fastener strips, the textile box can be attached to the Wera 2go components. Or to the wall, shelf or workshop trolley.

Individually tested

Testing the tool for dielectric strength at 10,000 volt gives the user the peace of mind that their tool has been tested for its most important property, insulation. Wera VDE tools are subjected to this test piece by piece which guarantees safe working at up to 1,000 volt.

The handle/blade system – Kraftform Kompakt VDE

The handle/interchangeable blade system allows rapid exchange of the blades required for a wide range of applications.

Easy change

The Kraftform Kompakt VDE blades can be replaced simply by pulling down the yellow ring on the handle.

Take it easy

The Kraftform Kompakt VDE blades are equipped with the Take it easy tool finder. Colour coding by profile and laser-engraved size indication make it easy to identify the required tool quickly.

Hexagonal anti-roll feature against rolling away

The Kraftform Kompakt blades come with an anti-roll protection. The hexagonal shape hinders the blade from rolling away annoyingly at the workplace.

Fast turning

The palm of your hand is comfortably supported on the rounded shape of the rear end of the blades. This allows quick spinning of the blade and accelerates the screwdriving process.

Storage and transport

Storage and transport in a robust textile pouch, so the tools are well protected and always close at hand.

Flexible due to hook and loop fastener strips

The textile box features a fleece zone at the back. Using the provided self-adhesive hook and loop fastener strips, the textile box can be attached to the Wera 2go components. Or to the wall, shelf or workshop trolley.
