

BRAKE CLEANER

Grease remover

A powerful, quick-drying cleaner for brake and clutch components. Removes excess brake fluid, excess oil, dirt, etc. Prevents brake squeal and clutch slippage. Easy to apply from every angle and does not corrode metals.

APPLICATIONS

Brakes, clutches, machinery, engines, valves, transmissions, tools, degreasing, etc.

INSTRUCTIONS FOR USE

Spray a sufficient amount of the product onto the part to be cleaned and let it affect for a few seconds. If necessary, wipe clean with an absorbent cloth. In case of extensive carbon contamination, repeat the procedure.

WARNING

Do not use on rubber, plastics or painted parts. Ensure adequate ventilation when using this product.

HEALTH AND SAFETY RECOMMENDATIONS

Hazardous. Observe safety precautions when using. Use only in well-ventilated areas. Splashes in the eyes must be rinsed immediately with plenty of water.

STORAGE

Highly flammable. Store in a cool, dry, and well-ventilated area. Recommended temperature +5 °C – +25 °C. Protect from direct sunlight.

COMPOSITION

Aerosol, liquid and colorless.
Base: Hydrocarbon solvents. Insoluble in water.

COUNTRY OF MANUFACTURE

Belgium

PRODUCT CODE

10340012013 500ml, EAN 6417925021463
